The Sanderling Resort and Spa Experience

The Sanderling Resort and Spa is The Outer Banks of North Carolina's only full service resort. This fabulous property touches both the Atlantic Ocean and the Currituck Sound. The Sanderling has a luxurious spa and the Pine Island Racquet and Fitness Center overlooking the sound, offering incredible indoor tennis. The setting is completely natural with the beach and bird life that only a barrier island can provide. The resort is located directly on miles of unspoiled, secluded beaches and still located only 5 miles from the quaint town of Duck, NC and the adjacent Pine Island Audubon Sanctuary, where you can bird watch as much as you would like. If you like Lighthouses, there are 5 that you can see close by. The dining experience is second to none in all of the Outer Banks and coastal North Carolina. Their fine dining restaurant, Left Bank, has been awarded the Four Diamond Award for 2010 (6 years in a row) and overlooks the sound. They also have a casual dining restaurant, the Lifesaving Station Restaurant.

For couples & families, The Sanderling Resort is the perfect vacation spot!

Taste of the Beach

From March 11-14, 2010, the Outer Banks hosts a grand food festival with wine tastings, cooking classes, special menu presentations, celebrity guest chef appearances, brewery tours, and the grand finale being the Taste of the Beach Expo. What a fantastic way to sample the fare of several fine restaurants during a food-centric weekend.
